Shipping Document

Shipping Instructions

Please, go through the following checklist before shipping.

How to fill in the LAUS substance data sheet:

- The pdf document you have received is compatible to all common pdf-programs and also editable
- Please insert the information at the appropriate place indicated electronically
- Please use the formatting template within the document (e.g. expiry date)
- Save the pdf document directly (*without signature*) and send it as an attachment with the other necessary documents via e-mail to info@laus.group
- You do not need to sign the document

Labelling of the vessel containing the test item:

- Please label at least with the following:
 - ✓ **Name**
 - ✓ **Net weight**
 - ✓ **Batch**
 - ✓ **Storage conditions**

Packaging:

- Make sure to choose a suitable container based upon available compatibility and stability information (e.g. plastic, glass, light protection, thermo regulated, etc.) and select prior to shipment (*OECD 19).
- Consider proper shipment conditions (ice / dry-ice if necessary)

Required documents to be included in the package:

- Safety Data Sheet (English version)
- LAUS Shipment Document

Customs handling (for non-EU members):

- EORI-no. 6724760

Shipment address:

LAUS GmbH
Test Item Administration Office
Auf der Schafweide 20
67489 Kirrweiler, Germany
