

## Substance Data Sheet Sameness

Please, be aware that the data provided below will show in the final report.  
Amendments will be subject to cost.

### 1a. Obligatory substance information

<b>1.1</b>	Name of substance (to be used in the report)			
<b>1.2</b>	Batch (must match declaration on vessel)			
<b>1.3</b>	CAS-No/EC-No			
<b>1.4</b>	Production <b>and</b> expiry date of batch			
<b>1.5</b>	Molecular formula			
<b>1.6</b>	Purity of batch (e.g. 100 % water)			
<b>1.7</b>	Composition/chemical name (IUPAC if mono constituent; no CAS needed)	Concentration		unit
		1.	1.	
		2.	2.	
		3.	3.	
<b>1.8</b>	Storage conditions (Standard: kept in dry and dark storage conditions)	room temperature (20 ± 5 °C)		
		fridge (2 - 8 °C)		
		freezer (-25 - -15 °C)		
		keep under inert gas		
		other		

### 1b. Obligatory substance data, if the following tests have been ordered

<b>1.9</b>	BET-Analysis	max. heating temperature				
		special heating conditions (Gasflow, temp. ramp etc.)				
		expected surface (estimated value):				
	Liquids	suitable drying method				
<b>1.10</b>	XRD/XRF	Does the sample contain any organic parts?	Yes		no	
	Liquids	What is the matrix?				

### 2. Obligatory sponsor and monitor information

<b>2.1</b>		<b>Sponsor</b>	<b>Monitor</b> (if different)
	Name of company		
	Contact person		
	Street		
	Postal code		
	City		
	Country		
	Telephone		
	E-mail		
<b>2.2</b>	E-Mail communication		
	Draft and Final report to		
	Financial information to (e.g. Quotation, Confirmation of order, Invoice)		

### 3. Mandatory documents

<b>3.1</b>	Safety Data Sheet	Need to be in the package	
<b>3.2</b>	Substance Data Sheet	Need to be sent to <a href="mailto:pa@laus.de">pa@laus.de</a>	
<b>3.3</b>	SIP (Substance identity profile)	Need to be sent to <a href="mailto:pa@laus.de">pa@laus.de</a> (if available)	
<b>3.4</b>	Certificate of analysis	Need to be sent to <a href="mailto:pa@laus.de">pa@laus.de</a> (if available)	

Please save file after data input and send it back to [pa@laus.group](mailto:pa@laus.group)
