

**SMALL ENOUGH
TO CARE ...**

**... AND BIG ENOUGH
TO DELIVER**

**TESTING OF BIOCIDES ACCORDING TO THE
EUROPEAN REGULATION (EU) 528/2012**

Whether you want to approve a new active substance or register your biocidal product, LAUS can support you with experimental information requirements **for Active Substances AS (Annex II of BPR)** and **Biocidal Products (Annex III of BPR)** or any other international guideline.

- Physico-chemical Properties (CIPAC, EU, UN, OECD and FEA)
- in vitro / in vivo Toxicology
- Aquatic and Terrestrial Ecotoxicology
- Environmental Fate and Behavior
- Mutagenicity / Genotoxicity
- Endocrine Properties

LAUS - The GLP Lab - offers testing according to the principles of Good Laboratory Practice for more than 20 years. But we do more than test your products.

With 30 years of experience in regulatory compliance testing our experts offer their advice regarding the experimental approach and optimized test strategy, customized for your test item. Since we are a small privately owned company, we are able to treat every customer individually.

ANALYTICAL CHEMISTRY

- Chemical Equivalence Studies
- 5-Batch Analysis
- Residue Studies

STABILITY STUDIES

- Accelerated Storage Stability
- Low Temperature Stability
- Long Term Stability

BIOCIDES

Please don't hesitate to contact us for a testing proposal or to discuss an individual approach for the authorization/registration of your AS or Biocidal Product.
