

**SMALL ENOUGH
TO CARE ...**

**... AND BIG ENOUGH
TO DELIVER**

OUR TESTING SERVICES:

- Analytical Chemistry
- Physico-chemical Properties
- In vitro / in vivo Toxicology
- Aquatic and Terrestrial Ecotoxicology
- Environmental Fate
- Mutagenicity / Genotoxicity
- Endocrine Properties

PESTICIDES

LAUS is your GLP testing facility when it comes to the registration of new **Pesticides** or even the re-registration of already registered **Plant Protection Products PPP** according to Regulation (EC) 1107/2009. We have a wide range of state-of-the-art analytical equipment and work in accordance with SANCO/3029/99, SANCO 3030/99 and SANCO/825/00.

LAUS – The GLP Lab – offers testing according to the principles of Good Laboratory Practice for more than 20 years. But we do more than test your products.

With 30 years of experience in regulatory compliance testing our experts offer their advice regarding the experimental approach and optimized test strategy, customized for your test item. Since we are a small privately owned company, we are able to treat every customer individually.

ANALYTICAL CHEMISTRY

- Analytical Method Development
- Residue Studies
- Stability Studies
- 5-Batch Analyses
- Independent Laboratory Validation (ILV)

LAUS is your reliable partner for contract research. Our Scientific experts are open to discuss your project and flexible to work in collaborations. Contact us for a tailor-made quotation.
